

# BRIGHT OXY L

M14003

## Liquid Oxygen Bleach

### PRODUCT

BIO BRIGHT OXY L is a liquid oxygen bleach used for the safe and efficient stain removal for all white and coloured washable fabrics. This product will improve the whiteness of white and brightness of coloured textiles. It is very effective to prevent the yellowing of resin treated fabrics.

### FEATURES AND BENEFITS

- Improves the stain removal and eliminates the dulling effect of textiles.
- Very effective for the use of chlorine sensitive textiles.
- This product can be used along with detergents to save time and money.
- Eco friendly.
- Highly cost effective by using automatic dispensing system.
- Improves appearance and whiteness consistently in every washing.
- Effective in all water conditions.
- Better colour retention and appearance.
- This bleach can increase the life of linen.

### APPLICATION

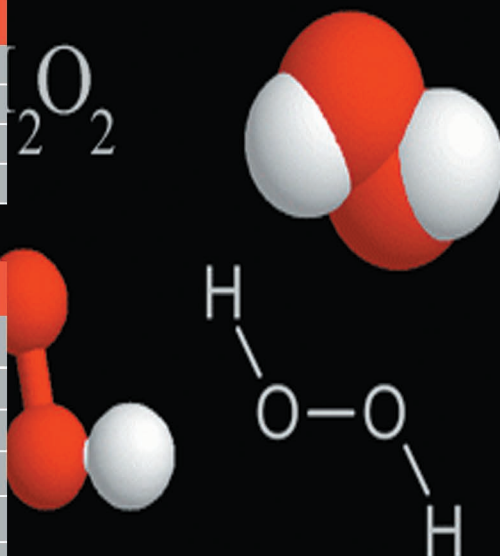

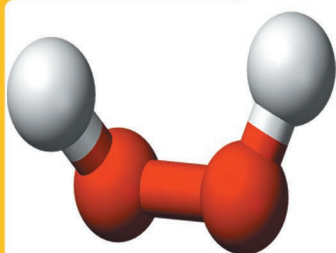

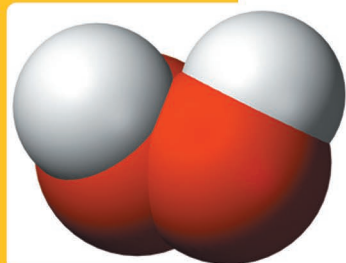

BIO BRIGHT OXY L can be used for the removal of stains from both coloured and white textiles. It will give better results with detergents and alkaline boosters.

### DIRECTIONS FOR USE AND DOSAGE

Soil classification	Dosage
Light soil	3 - 4 ml / Kg
Medium soil	4 - 5 ml / Kg
Heavy soil	5 - 6 ml / Kg
Very heavy soil	Not recommended

### PRODUCT DETAILS

Description	Specification
Appearance	Colourless Clear Liquid
pH of 1 % solution	4.0 - 5.0
Temperature	40° - 70° C
Viscosity	13 - 15 sec
Activity	30 %
Dispensers	Manual / Liquid dispenser

## COMMENTS

- Maintain pH level between 10.5-11.5 by adding alkaline boosters
- Temperature level should never increase above 75°C, when pH is above 11.5
