

SPOT AWAY 4

PABA - Cosmetic stain remover.

PRODUCT

Most of the under rated sunscreen and body lotions contains para-amino benzoic acid, 2- ethylhexyl ester or P-carboxyaniline. Though this was declined due to health hazardous, still this has been extensively used. This can create severe stains on garments and textiles, potentially very tough to remove. The stronger the SPF factor , the tougher to remove such stains. Mostly such stains are brownish yellow in colour.

Spot away 4 is solution for the most vexing issue in hotel laundering. .

FEATURES & BENEFITS

- Ready to use formulation.
- Highly effective on stains.
- Removes difficult stains from fabric substrates.
