**ELITE GOLD WARM OVEN CLEANER**

**Powerful commercial oven, grill & barbeque cleaner - Effective - High Performance**

**ELITE GOLD WARM OVEN CLEANER** removes grease & heavy carbon deposits which will help with oven efficiency and lower the risk of odour transfer between food types. Do not use on zinc & aluminium.

**Easy to use:** Use neat. Apply to warm surface, applying liberally covering all soiling on vertical & horizontal surfaces. Leave to dwell for 5 minutes. Agitate as necessary, removing excess loose soiling with a cloth.

Available in 2x5ltr easy to handle containers.
