

# PRODUCT INFORMATION

**COLE & WILSON**  
CHEMICALS FOR THE CLEANING INDUSTRY

## **TOILET DESCALER**

Toilet descaler is a blend of acids, surfactants and perfume designed to clean and remove scale from all types of toilets and urinals.

### APPLICATION

Toilet descaler may be diluted up to 50:1 with water for regular cleaning and to stop the build up of scale. For descaling the use neat and leave on surface as long as possible, do not allow to dry out as temporary staining may occur.
