

EMULSIFIER

Emulsifier & Oil Stain Remover

PRODUCT

This product is an excellent emulsifier of oil soils. It is safe to use on all kind of natural (Cotton, Linen, Wool, Silk etc..) and synthetic, resin treated and fire proof garments. It is attracted to polyester fibers and form a coating on it. This coating leads to shield the fibers from the soil (re-deposition) and dye particles. This is an important benefit in the light of polyester's scavenger nature.

FEATURES AND BENEFITS

- It is very effective for natural and synthetic fibers
- Non ionic in nature
- It is an oleophilic (oil-loving) surfactant system
- It can be used as detergent booster in the break bath
- It is safe for cotton, Linen, Wool, Silk, Synthetic and fire proof garments

DIRECTION FOR USE & DOSAGE

Soil classification	Dosage
Light soil	2 - 3 ml / Kg
Medium soil	3 - 4 ml / Kg
Heavy soil	4 - 5 ml / Kg
Very heavy soil	5 - 6 ml / Kg

PRODUCT DETAILS

Description	Specification
Appearance	Liquid
pH	8.0 - 9.0
Dispensers	Manual

Health and safety

- Do not Ingest

Non hazardous. Irritating to eyes. Harmful if swallowed. In case of contact with eyes rinse immediately with plenty of water and seek medical advice. Please see msds for complete health and safety information.

COMMENTS

- It is very effective on all fabrics and garments soiled with food and body stains
- It is very effective for the removal of greasy soils in F&B linen
- Very safe for wool, silk and other delicate garments recommended for hand washing
- The application of Emulsifier in the break of polyester/ cotton blends helps to prevent the re-deposition of soils and dye particles in the further steps
- To enhance the washing performance, it can be mixed with alkalis

TECHNICAL SUPPORT

Our technical service team has developed the following technical tools to assist our customers for optimum product performance.

- Product application training
- Laundry training manual
- Brilliant wash formulas

PACKAGING

25 Ltr Can.

SHELF LIFE

24 months from the date of manufacturing.

Manufactured by
Atlantic Care Chemicals Pvt. Ltd
 Industrial Development Plot,
 Alappuzha, Kerala, India.

Exclusively for
Al-Rayes Group
 Chemical supply division
 P O box 3312, Doha, Qatar
